

Who I Am

Faktion

Staring out the window as the world goes by
The hours pass too slow
Thinking back to the time before when this dream
Was just a vision in my mind
I hate the fact that I have to leave
But I know if I don't I never will
It's time to move on, I have to move on
Chorus:
I know I'm not prepared
For a life that keeps me far from home
But I know if I just sit there, I'll never find out who I am
Staring out the window, a whole new world's outside
I'm waiting by the phone
I need to hear a familiar voice,
Encouragement to get me through this ride
I hate the fact that I had to leave
But I know if I don't I never will
It's time to move on, I have to move on
Repeat Chorus
Everything is different
I'm seeing things that I've never seen before
So different
I know I'm not prepared
For a life that keeps me far from home
I know if I just sit there, I'll never find me
I know I'm not prepared
For a life that keeps me far from home
I know I'm happy here
I finally found out who I am
