(take Me Back) Mary Jane

Young Heart Attack

Now take me back Mary Jane
Don't you leave me standin' alone in the rain
Now take me back Mary Jane
Don't you leave me standin' alone in the rain
'Cos it's so easy
(The way that you move)
(The way that you soothe)
(The way that you groove)
Oh mamma, it's so easy
(Back in your eye)
(When you go high)
(Touchin' the sky)
Now it's so easy
(The way that you move)
(The way that you soothe)
(The way that you groove)
Oh mamma, it's so easy
Don't go dude, you're rockin' on my feet?
I can hardly get any sleep
Don't go dude, you're rockin' on my feet?
I can hardly get any sleep
'Cos it's so easy
(The way that you move)
(The way that you soothe)
(The way that you groove)
Oh mamma, it's so easy
(Back in your eye)
(When you go high)
(Touchin' the sky)
You know that it's so easy
(The way that you move)
(The way that you soothe)
(The way that you groove)
Oh mamma, it's so easy, yeah
Now take me back Mary Jane
Don't you leave me standin' alone in the rain
Now take me back Mary Jane
Don't you leave, standin' alone in the rain
'Cos it's so easy

(The way that you move)
(The way that you soothe)
(The way that you groove)
Oh mamma, it's so easy
(Back in your eye)
(When you go high)
(Touchin' the sky)
Now it's so easy
(The way that you move)
(The way that you soothe)
(The way that you groove)
Oh mamma, it's so easy, yeah
