

# Top 40

## Norbert Kristof

When I make my Top 40  
Smash hit  
Rock ?n? roll record  
Everything is gonna be just fine  
When I make my Top 40  
Smash hit  
Rock ?n? roll disc  
I?ll be the record company?s valentine  
No more philosophic melancholia  
Eight hundred pounds of electric genitalia  
When I make my Top 40  
Smash hit  
Rock ?n? roll record  
Everything?s gonna be just fine  
When I make my fuzz tone  
Wah-wah  
Synthesized record  
Everything is gonna be just grand  
When I make my fuzz tone  
Wah-wah  
Synthesized disc  
I?ll have to get myself a moving van  
Costume, hairdo, made up cute  
A personal connection in a business suit  
When I make my fuzz tone  
Wah-wah  
Synthesized record  
Everything is gonna be just grand  
When I make my dynamite  
Heavy soul  
Freaked out record  
Everything is gonna be just swell  
When I make my dynamite  
Heavy soul  
Freaked out disc  
I?ll be living it up pell mell  
Mountain top hide away  
Three-car garage

Out there hustlin? that sonic massage  
When I make my Top 40  
    Big beat  
    Heavy soul  
    Freaked out  
    Solid gold  
    Synthesized  
    Rock ?n? roll record  
Everything is gonna be just fine
