

# Be That Easy

Sade

You baby, were like the sky  
You held me up to let me fly  
That's just like you to tell me  
I've nothing to fear  
But I am a broken house  
I'm holding on a broken bough  
Now it's easy for me to see  
It couldn't be that easy  
It had to be much harder  
That's just like you to tell me  
I've nothing to fear  
But I could have been falling free  
Falling all these years  
Now it's easier for me to see  
Full of air  
Sun on my face, wind in my hair  
Falling down  
Flying as slow as I can  
I'm not trying to reach the land  
Just falling somewhere  
It couldn't be that easy  
It had to be much harder  
Meanwhile, boy, I love you
