

# Busy

## Grinspoon

Have you had enough?  
You've been around the block too many times to try and find a park  
Did you spend a buck?  
Wishing on the millions that the mystery gave away  
Are you very small?  
Even though you're tall your always falling on the floor  
Are you very drunk?  
Look me in the eye and try and tell me that i'm not  
Busy having a good time  
Busy having a good  
Are you lonely

Sitting in the car park paranoia is a friend  
Need the company  
Playing lots of mind games really is a treat now  
Are you very small?  
Even though you're tall your always falling on the floor  
Are you very drunk?  
Look me in the eye and try and tell me that i'm not  
Busy having a good time  
Busy
