

With You (feat. Jack Wilby) [Extended Mix]

Cedric Gervais

[Verse]

There's something I can't hide

You're always in my head

Something I can't deny, no

You take me to that place

A place I can't resist

Loving you is bliss, I've no doubt[Chorus]

I'm in Heaven when I'm with you

I'm in Heaven when I'm with you

When I'm with you, when I'm with you

When I'm with you, when I'm with you

When I'm with you[Post-Chorus]

When I'm with you, when I'm with you

When I'm with you, when I'm with you

When I'm with you[Verse]

There's something I can't hide

You're always in my head

Something I can't deny, no

You take me to that place

A place I can't resist

Loving you is bliss, I've no doubt[Chorus]

I'm in Heaven when I'm with you

I'm in Heaven when I'm with you

When I'm with you, when I'm with you

When I'm with you, when I'm with you

When I'm with you[Post-Chorus]

When I'm with you, when I'm with you

When I'm with you, when I'm with you

When I'm with you, When I'm with you

When I'm with you, When I'm with you

When I'm with you
