[Miguel](#)

Uh set it up, whilin', runnin', jivin'
Baby drop it like it's stalling, stalling tonight
I wanna ride that wire
Run it good for the beach, do you got that ocean?
Your body surf, don't sleep, body surf on meDon't stop, I wanna ride that wave
All night, I wanna ride that wave
Look here, I'm gonna surf in it baby
I'm getting turnt in it baby
Putting work in it baby
Keep working it while I ride that wavePut it out, I'm on fire, fire
See I'm about to take it higher, higher, tonight
(Gonna ride that wave)
You got everybody movin' for the beach
Do you got that ocean?
Your body said don't sleep, body slept on me, womanDon't stop, I wanna ride that wave
All night, I wanna ride that wave
Look here, I'm gonna surf in it baby
I'm getting turnt in it baby
Putting work in it baby
Keep working it while I ride that waveBet you turn up when I pipe down
I'ma get it 'til I wipe out
Bully that thing, baby lights out
I'm gonna ride that wave
Let it crash down on me
Let it splash down on me
Your body surf, don't sleep, until I hit the peakYeah, get wild baby, so hot, God damn, I need a towel baby
I could wipe you down right now baby
I could ride that wave right now baby
Yeah, get wild baby, so hot, God damn, I need a towel baby
I could wipe you down right now baby
Let me ride that wave right now baby
Yeah, get wild baby, so hot, God damn, I need a towel baby
I could wipe you down right now baby
I could ride that wave right now baby
Yeah, get wild baby, so hot, God damn, I need a towel baby
I could wipe you down right now baby
Let me ride that wave right now babyDon't stop, I wanna ride that wave
All night, I wanna ride that wave
Look here, I'm gonna surf in it baby

I'm getting turnt in it baby
Putting work in it baby
Keep working it while I ride that wave
