On the Go

Davin Marco & Apoch

We down a couple mommy tryna' function
Tequila on the rocks pour me something
I'm loving your body no assumptions
I'm tryna' dunk in you like dunking

Hola, hola, hola mamacita
Venga venga venga seÃ±orita
Da me, da me, dame tu rica
Eres, eres, eres muy bonita

And girl I know you're with your friends
But I'm just looking for a chance
I'll take you on a walk by the ocean
Feeling all the waves of emotion

And I can take you down, down, down
I can lay you down, down, down
Our bodies on the ground, ground, ground
We don't make a sound, sound

On the next day, man go tekkers what the text say
Hit her with the smiley face and that ok
Sipping on tequila in Aroche
Sitting on the beach catching sun rays
We took a water taxi down to lovers island
She said it aint easy better but the time in
Im on day two mommy steady grinding
I know im doing good cuz' I see you smiling

And I think I fell, I think I fell in love with you
Or was it the drinks just talking
And I think I fell, I think I fell in love with you
Or was it the drinks just talking

Hola, hola, hola mamacita
Venga venga venga seÃ±orita
Da me, da me, dame tu rica
Eres, eres, eres muy bonita

And girl I know you're with your friends

But I'm just looking for a chance
I'll take you on a walk by the ocean
Feeling all the waves of emotion

And I can take you down, down, down
I can lay you down, down, down
Our bodies on the ground, ground, ground
We don't make a sound, sound

And I think I fell, I think I fell in love with you (with you)
Or was it the drinks just talking (talking)
And I think I fell, I think I fell in love with you (with you)
Or was it the drinks just talking (talking)
And I think I fell, I think I fell in love with you (with you)
Or was it the drinks just talking (talking)
And I think I fell, I think I fell in love with you (with you)
Or was it the drinks just talking (talking, talking, talking)

(And I think I fell, I think I fell in love with you)
(Or was it the drinks just talking)
(Or was it the drinks just talking, talking, talking, talking, talking)
