Twenty One

Khalid

You just turned 21
So lately you been drinking
Wasted on alcoholYou chase to fight the feeling
Thinking about letting go
Would that be easy for you then, thenSo lay with me, lay with me
We're underneath the bleachers
Stay or leave, stay or leave
I hope you'll never leave
And all of these memories
Crawling underneath your skin, skin'Cause you're in pain
But who's to blame?
All our lives
It never ends
Yeah, alright
You gotta hold on tight
Yeah, alright
AlrightDon't believe everything
The shaky life gives you anxiety
But finally I see you smiling
When you say you need privacy
You're only hiding from yourself
You say I'm fine coming home
I see the sun come up and shut the blinds episodes
I know I never take my own advice
When I'm wrong
But I can't do it by myself, no'Cause you're in pain
But who's to blame?
All our lives, it never ends
Yeah, alright (alright)
You gotta hold on tight
Yeah, alright
You gotta hold on tight'Cause I'm in pain
But I'm to blame
To end this fire
I have to changeYeah, alright
You gotta hold on tight
Yeah, alright
Hold on tight
