

# Bright End of Nowhere

Matthew Good

Here's the bright end of nowhere  
Here's the result of all our days  
Used to lay on the roof and drink beer  
And try and count up all the ways  
That you could waste away Looking back it seemed so simple  
But having done it, I couldn't say The lights are out, baby  
And I'm a mouse  
The lights are out, baby  
So hear me out  
The lights are out, baby  
And I'm a mouse So here's the bright end of nowhere  
Here's the commercial of all our days  
Go on vacations and drink beer  
And try and forget all the ways  
We let ourselves get away Looking back it seemed so simple  
But having done it, it's not the same The lights are out, baby  
And I'm a mouse  
The lights are out, baby  
So hear me out  
The lights are out, baby  
And I'm a mouse
