# Bad Bone

## The Frames

There's a bad bone inside of me
All my troubles started there
And all the cracks are addin' up to be
A little more than you can bareWhen I met you, you were bitter still
From a scar you're never gonna show
And I was cursed with a jealousy
That's killed every love I've ever knownAnd when the anger that you feel
Turns to poison in your soul
And then the scars you only feel
Will start to showAnd you were naked on the balcony
And I was waitin' in your bed
You said I pleased you only partially
But I knew my hunger would be fedAnd all, all my thoughts of goin' clear
And gettin' out before my timeI died with you upon a vine
I died with you upon a vine
To die with you upon a vine
To dieSo if you'll lead the way
If you'll lead the way
Will you lead the way?
Will you lead the way?There's a bad bone inside of me
