

Hit Me Up

Sean Bones

I'm burning up, up inside
You left me out here all alone
Now I know its way too hard for us to just hold on
 This is a sign we should let it go
 Girl I try my best to put up with your silly games
 But nobody sees you crying when you're in the rain
 You got me going insane, yeah
 Say what you want
 But I know, but I know now, girl
 She hit me up, I can never think twice
 Just my luck she rolled the dice
 She hit me up, then tore me down
 With a finger wrapped around
 She hit me up, I can never think twice
 Just my luck she rolled the dice
 You tore me down, tore me down, tore me down
 Wrapped around
I can't believe you said the words I thought you'd never say
 Feeling like the more I try the more it slips away
 This is a sign we should let it go
 I know I should've but I couldn't let you walk away
 I take you back when you know you don't deserve to stay
 You've got me going insane, yeah
 Say what you want
 But I know, but I know now, girl
 She hit me up, I can never think twice
 Just my luck she rolled the dice
 She hit me up, then tore me down
 With a finger wrapped around
 She hit me up, I can never think twice
 Just my luck she rolled the dice
 You tore me down, tore me down, tore me down
 Wrapped around
I'm dreaming as I watch you leaving
 After getting dolled up this evening
 It's so odd that you wanna get even
 Fall apart 'cause you change every season
 So now we ain't speaking
 And you're talking on the phone all secret

'Til I cut you off this weekend
Hearing the same song to long, remix
It's done for me when it comes to me
Without you I'm livin' comfortably
Lose a couple Z's but there's more than sleep
You're not the 5-4-3-2-1 for me
She hit me up, I can never think twice
Just my luck she rolled the dice
She hit me up, then tore me down
With a finger wrapped around
She hit me up, I can never think twice
Just my luck she rolled the dice
You tore me down, tore me down, tore me down
Wrapped around
She hit me up, I can never think twice
Just my luck she rolled the dice
She hit me up, then tore me down
With a finger wrapped around
She hit me up, I can never think twice
Just my luck she rolled the dice
You tore me down, tore me down, tore me down
Wrapped around
