This Finger's for You

Filter

I lost my taste for sin
It lives in my frustration
I lost my will to win
'Cause you're feeding my temptation[Pre-Chorus:]
Woa woa woa, I don't miss it
Woa woa woa, yeah
Woa woa woa, I don't miss it
Woa woa woa[Chorus:]
All of the secrets you kept
Secrets that trashed my reputation
You left it too hard to fix
From all your lies and manipulations
I'm gone
This finger's for you
I'm gone
This finger's for you[Verse:]
I bought myself some gin
I'm losing my religion
I drink it all within
I live with my decision[Pre-Chorus:]
Woa woa woa, I don't miss it
Woa woa woa, yeah
Woa woa woa, I don't miss it
Woa woa woa[Chorus:]
All of the secrets you kept
Secrets that trashed my reputation
You left it too hard to fix
From all your lies and manipulations
I'm gone
This finger's for you
I'm gone
This finger's for you[Bridge:]
Play for me
Play for me now
Play for me
Going downThis, this, this
This finger's for you
This, this, this
This finger's for you[Chorus:]

All of the secrets you kept
Secrets that trashed my reputation
You left it too hard to fix
From all your lies and manipulations
I'm gone
This, this, this
This finger's for you
I'm gone
This, this, this
This finger's for you
