

# So Deep

## Ann Lee

Tired of all the same damn tricks  
Don't know how to use what they got  
I wanna play some games, use some toys  
    No teasin', just pleasin', yeah  
    Take me up to your room  
    I wanna see what you can do  
    Throw me on the bed and tie me up  
    Handcuffs 'till I can't get enough  
    I wanna go so deep  
It hurts so good and I wanna be so bad, yeah  
    Don't stop until you get so deep  
    Keep going 'til you get so deep  
    Move faster, baby, harder  
I wanna feel you inside me, yeah  
    Pulling your hair, gaspin' for air  
    Sweatin' so hard I can't see, yeah  
    Take my arms up above me  
You're making me moan 'cause I'm so hungry  
    Bite me, tease me, use your tongue  
    Don't worry 'cause I'm not gonna run  
    I wanna go so deep  
It hurts so good and I wanna be so bad, yeah  
    Don't stop until you get so deep  
    Keep going 'til you get so deep  
    I'm almost there, baby, please don't stop  
    I can get there faster when you're on top  
    Go deeper baby, deeper, deeper, yeah  
    I think I'm gonna  
    I wanna go so deep  
It hurts so good and I wanna be so bad, yeah  
    Don't stop until you get so deep  
    Keep going 'til you get so deep
