Tame Me

MONORAL

I can feel the stain
You've left inside me
And I couldn't see
How far I am
How far I am
How far I am
From this endless tunnelI can't hear the claims
You make about me
And I could not deceive
How far I am
How far I am
How far I am
From this endless tunnelAnd you can tame me
And you would not believe
How you contain me
Inside your mind I long
And you can say the words
I fearI can feel the stain
You've left inside me
And I couldn't see
How far I amAnd you can tame me
And you would not believe
How you contain me
Inside your mind I long
And you can say the words
I fear
