

Morgue Defilement

Avulsed

I Love Dissecting Dead Girl Bodies
Their Naked Corpses Excite My Mind
The Aroma Of Decomposition
Is The Best Aphrodisiac You Can Find
With Forceps I Twist Her Nipples
I Touch Them Thru My Rubber Gloves
I Spread Her Legs Along The Table
To Explore The Dank Genital Zone
Sinking Down My Fingers
Into Her Cold Cunt
It's Wet By Adipocere
She's Ready To Fuck
Then I Suck Her Fluids
And Swallow The Pus
Sodomized With My Bistoury
She's Starting To Gush
Fornicate Her Bloody Corpse
Gently Disembowelled
Penetrate Her Intestines...
Oh, Baby, I Will Cum!! Aaaaahhhhh - Aaaaahhhhh
Festered Cavities I Rape
Getting Pleasure On Decay
She's A Really Obedient Girl
She Does All The Things I Say
When I'm Gonna Kiss Her Face
Mouldy, Emaciated And Pale
A Dark Crimson Substance Drips
From Her Swollen Purple Lips
Post Mortem Convulsions, Violent Spasms
Because Of The Gases I Get An Orgasm
Obscene Masturbation, With Amputated Limbs
A Severed Rotten Tongue Sucks My Dick
My Grisly Porno-Autopsy Ends
Ejaculating On Her Corpse
Hot Semen Over Her Remains
Emetic Is My Way Of Love
