

# "Walking With Giants"

## Blondfire

Now we're walking with the Giants  
Feeling 10ft tall  
Yeah, we're walking on the fire  
We can't feel it at all  
No, no, no Really doesn't matter  
Once you get it right  
Everything is better  
With a little love in your life Now we're walking with the giants  
We can have it all  
There's no way you can deny it  
Just look at us as we  
Go, go, go Really doesn't matter  
Once you get it right  
Everything is better  
With a little love in your life Now we're larger than life  
You and me  
We're larger than life  
Can't you see  
We're larger than life  
You and me  
We're reaching the sky Yeah, we're walking with the giants They say the bigger they come  
The harder they fall  
But we're just gonna keep standing tall  
They say the bigger they come  
The harder they fall  
But we're just gonna keep going on, on Really doesn't matter (Doesn't matter)  
Once you get it right (Once you get it right)  
Everything is better  
With a little love in your life Now we're larger that life  
You and me  
We're larger than life  
Can't you see  
We're larger than life  
You and me  
We're reaching the sky Yeah, we're walking with the, giants They say the bigger they come  
The harder they fall  
But we're just gonna keep standing tall  
They say the bigger they come  
The harder they fall

But we're just gonna keep going on, on
