## Fergie

Its cold outside, why dont you come in?  
I know, my walls are crumbling  
Its late at night and lately Ive been alone  
But that could be changing What you do to me, conjures up feelings  
Ive never felt before and your company I adore  
So deliciously, gold and burgundy  
Sink into me I feel so warm I feel you, I taste you  
The smoothest wine  
Like velvet, cant help it  
This loves divine The moon is full, the stars are aligned  
I know, just look into my eyes  
Its beautiful, your skin against mine  
I hope, you let your mind take flight Under velvet skies, lover, we can fly  
Away from the world, let all of our love unfurl  
What a gorgeous ride, you dont have to hide  
A thing from me, I am your girl I feel you, I taste you  
The smoothest wine  
Like velvet, cant help it  
This loves divine Im ready to feel you, slowly we escape  
Our time we can take, we can take, we can take  
Im ready to feel you, feel you, feel you  
Feel you, feel you, feel I feel you, I taste you  
The smoothest wine  
Like velvet, cant help it  
This loves divine I feel you, I taste you  
The smoothest wine  
Like velvet, cant help it  
This loves divine
