

Ocean (feat. Alex Wiley)

Packy

Be patient

Be faithful

Be careful

We try

Be humble

Be grateful

Be honest

We lie

[Verse 1 - Packy]

I speak it, they listen, they don't hear me

They tell me I'm wrong

I'll take it, I make mistakes

But my generation relate to what in these songs

I promised when I got a voice, I would not preach

I hate that

I wanna hear real life shit

When I'm good, and when I feel like shit

When life get heavy, I like shit

Get the wheels spinning like a bicycle

I wanna be the nicest

They said I could'a been a president but we all got vices

My mind racin', I think a lot, I stress it all

If money's evil then feed my people

Imma make it, god bless it all

God bless it all

My mind is home but I'm less involved

Imma scribble my thoughts all over this notebook till the question's solved

[Hook - Alex Wiley]

Running through an ocean

Blinded by emotion

And that's why

This world is making no sense (x2)

That's why I

Running through an ocean

Blinded by emotion

And that's why

This world is making no sense (x2)

[Bridge]

[Verse 2 - Packy]

I'm zoning out
Contract year and I'm holding out
Might never go platinum though
If it was all the money then this would've been an album bro
It's about that and more
I want more than that
Goin' in, cover me like a cornerback
I been runnin' all through the field
Am I gonna hit the wall, this the warning track
I'm like quit sleeping on me, quit sleeping on me
They guessin' everybody else up
I been in front with the tank on me
I won't sacrifice my integrity
I won't be somebody that I'm not to get the cosign and gain celebrity
They can keep it all
When they're home and they're all alone I hope they don't sleep at all
When I look myself in the mirror, swear I can see it all
Do it my way, that's the mission
Get this music out, reap the benefits
Split the profit up, that's the vision, I see it

[Hook]

[Verse 3 - Packy]

Running through an ocean
Blinded by emotion
And that's why
This world is making no sense (x2)
That's why I
Running through an ocean
Blinded by emotion
And that's why
This world is making no sense (x2)
Follow me into the storm
Follow me into the fire
Follow me into the war
This could be the moment that we waiting for
Trying to make it out alive surrounded by an ocean
