We All

Bogi

I donâ€™t wanna fight and Iâ€™ll be your star
I donâ€™t wanna dream cause Iâ€™ll live my dreams
I donâ€™t want a heart that can fall apart
Just live my days

I donâ€™t want no sight wanna be so blind
I just wanna scream , screaminâ€™ out your name
I donâ€™t want a heart that can fall apart
Just live my days

We all, we all, we all live together
We all, we all, we all breathe together
We all, we all, we all love together
For me, youâ€™re special and the life goes by

We all, we all, we all live together
We all, we all, we all breathe together
We all, we all, we all love together
For me, youâ€™re special and the life goes by

I donâ€™t wanna run, run away so far
I donâ€™t wanna hide, hide away my scar
I donâ€™t want a heart that can fall apart
Just live my days

I donâ€™t want the sun with the moon collide
I donâ€™t want the light, flashing damn so bright
I donâ€™t want a heart that can fall apart
Just live my days

We all, we all, we all live together
We all, we all, we all breathe together
We all, we all, we all love together
For me, youâ€™re special and the life goes by

We all, we all, we all live together
We all, we all, we all breathe together
We all, we all, we all love together
For me, youâ€™re special and the life goes by
