Riding On The Wind

Fozzy

Shooting for the stars
Cruise the speed of light
Glowin' God of Mars
Body burning bright
Well, I'm riding, riding on the wind
Yes, I'm riding, riding on the wind
Tearing up through life
Million miles an hour
Blinding all in sight
Surging rush of power
Well, I'm riding, riding on the wind
Yes, I'm riding, riding on the wind
Riding on the wind
Riding on the wind
Riding on the wind
Riding on the wind
Thunderbolt from hell
Shattering aloud
Screamin' demons yell
Bursting through the clouds
Well, I'm riding, riding on the wind
Yes, I'm riding, riding on the wind
