Crazy 'bout You Baby

Grootna

Call me the biggest fool that the world's seen yet
I've been goo-goo, ga-ga since the day we met
I admit that I've gone insane
I go all to pieces when I hear your name
Light in the head, weak in the knees
Girl, you got me beggin', "Baby please, please, please"
Crazy 'bout you baby, what can I do?
Crazy 'bout you baby, I'm in love with you
Everything about you make my heart go boom
Crazy 'bout you baby
Girl, I get the shivers every time we touch
This ain't your average ordinary schoolboy crush
Spend all day dreamin' how it's gonna be
When the sun goes down and you're next to me
Holdin' you close feels so right
Kissin' and a huggin' and a lovin' all night
Crazy 'bout you baby, what can I do?
Crazy 'bout you baby, I'm in love with you
Everything about you makes my heart go boom
Crazy 'bout you baby
Crazy 'bout you baby
Crazy 'bout you baby

Crazy 'bout you baby, what can I do?
Crazy 'bout you baby, I'm in love with you
Everything about you makes my heart go boom
Crazy 'bout you baby
Spend all day dreamin' how it's gonna be
When the sun goes down and you're next to me
Holdin' you close feels so right
Kissin' and a huggin' and a lovin' all night
Crazy 'bout you baby, what can I do?
Crazy 'bout you baby, I'm in love with you
Everything about you makes my heart go boom
Crazy 'bout you baby
Yeah, I'm crazy 'bout you baby
Oh, crazy 'bout you baby
Crazy 'bout you baby
Crazy 'bout you baby

Oh, I'm crazy 'bout you baby, oh yeah
Oh, I'm crazy 'bout you baby
I'm crazy 'bout you baby
I'm crazy 'bout you baby
