Rise Above

National Park Radio

Forget what others say, don't focus on the pain
Let go and pray that healing will take its place
Today's another day, just put the past away
Some men fall, but I think you'll be okay
It's not your fault, we all have our different waysAnd we're broken by the ones we love the most
But there's more to do, more than we'll ever knowCan you see? Just look into my eyes
Can you feel my heartbeat I'm alive?
I will not lie down until I die
I will rise above who knows how highYour brother's gone away,
Your father's done the same
Both far too soon,
But no one can be to blame
Your mother's gone insane,
In ways you can't explain
The memories fade,
She can't even tell you her name
Your life has changed
But still you just can't complainAnd we're broken by the ones we love the most
But there's more to do, more than we'll ever knowCan you see? Just look into my eyes
Can you feel my heartbeat I'm alive?
I will not lie down until I die
I will rise above who knows how highAnd we're broken by the ones we love the most
But there's more to do, more than we'll ever know
And we're broken by the ones we love the most
But there's more to do, more than we'll ever knowCan you see? Just look into my eyes
Can you feel my heartbeat I'm alive?
I will not lie down until I die
I will rise above who knows how high
