Can't Believe You Said That

Gemini Club

Never keep you head down low,
move into the middle while your eyes stay wide.
And kick me in the lips now, no?
And write in every name that you would rather have instead. Now.Light another cigarette,
pour out all the gasoline.
Nothing ever burns without you.
Take another drag,
before you pull the parachute,
down on the stories you choose.It's the change in me.No, I'm never going to pray,
when it's easier to say,
"it's easier to be alone."
So come on take me back
because I'm breaking in to shapes,
I'm breaking into shapes to fit in every word you say.You hear the sirens coming from our house?
You say it's me,
I say it's you.
You hear the sirens?
Because I can't see you
no I can't hear you.It's the change in me.Follow me out.
Follow me in.
Follow me out.
Follow me in.Your fire hose is breaking your door down.
Your fire hose is breaking your door down now.
Your fire hose is breaking your door down.
Your fire hose,
Your fire hose is breaking your door down.Follow me out.
Follow me in.
Follow me out.
Follow me in.
