What's Not to Love

Blue County

Baby when we fell in love
I packed my El Camino up never looked back
A tank of gas, twenty bucks left behind a cloud of dust
And all we had gave up everything Id do it all again
Dont you know thats just the kind of man I amHey whats not to love about a man whod live and die
Sweared and sacrifice for you
Hey whats not to love about time after time
Layin it on the line for you whats not to love about
Whats not to love about thatYou looked at me the other night disappointment in your eyes said
Im not sure it knocked me back to say the least"
When you said, you dont need me anymore I dont understand Ive done
All I can To be the kind of man you always wantedHey whats not to love about a man whod live and die
Sweared and sacrifice for you
Hey whats not to love about time after time
Layin it on the line for you whats not to love about
Whats not to love about thatIsnt love about give and take
Isnt that what they say
But baby cant you meet me half wayHey whats not to love about a man whod live and die
Sweared and sacrifice for you
Hey whats not to love about time after time
Layin it on the line for you whats not to love about
Whats not to love about that
