

Death

Viet Cong

Anchor to the bottom
You can see the current
Situation ending
In and out of focus Floating to the surface
You can see my child
Quality arrangements
Of the constellations Where everything is turning inside out
You went too far the other way
We'll never get home [?] to the shoreline
Occupy the picture
Perfect combinations
In the grains of sand
Where everything is turning inside out
You went too far the other way
We'll never get home The line [?] for time [?]
[?] convalescent hands
Obvious in what they desire What does the midnight horse contend?
Deeper than they can comprehend
Accelerate all [?] sprawl
Expanded and swollen Overlooking the idiots at sea The line [?] for time [?]
[?] convalescent hands
Obvious in what they desire
What does the midnight horse contend?
Deeper than they can comprehend
Accelerate all [?] sprawl
Expanded and swollen
