That's Enough For Me

Patti Austin

Maybe you know the reason that I love you
Maybe you don't but I don't really care
Maybe you see the forests for the trees, babe
Maybe you see the things that I don't dareWhatever it is, we're together that's enough for me
Don't need no questions or answers your love's enough, you see
What ever it is, we're together and that's how love should be
Don't need nobody to tell me, your love's enough for meMaybe I know just how to turn you on, babe
Maybe I know just how to make you smile
Maybe I don't quite know what's right from wrong, babe
Maybe we'll find out in a little whileWhatever it is, we're together that's enough for me
Don't need no questions or answers your love's enough, you see
What ever it is, we're together and that's how love should be
Don't need nobody to tell me, your love's enough for meWhatever it is, we're together that's enough for me
Don't need no questions or answers your love is enough, you see
What ever it is, we're together and that's how love should be
Don't need nobody to tell me, your love's enough for meWhatever it is, we're together your love is enough for me
Don't need no questions or answers your love is enough, you see
What ever it is, we're together and that's how love should be
Don't need nobody to tell me, your love is enoughYour love's enough for me, your love's enough for me
Your love's enough for me whatever it is, babe
Your love's enough for me, whoa, yeah
Your love's enough for me
(It's so supernatural)Maybe you know the reason why I love you
(Your love's enough for me)
Maybe you don't but I don't really care
(Your love's enough for me)
Your love's enough for me, hmm
(Your love's enough for me)
