Ooo La La

ãƒ-ãƒ“ãƒ³ãƒ»ã‚·ãƒƒã‚¯

You gave me some that day
I fell in love that day
Can't get enough that day
I'm thinking of that day
You gave me some that day
I fell in love that day
Can't get enough that day
I'm thinking of that dayPicked me out a rose, stands by her man
She wants to party, she loves to dance
Won't raise me voice, won't raise my hand
Keep telling your story, I'll understandYou can have my body
You can have my money
You can have my soul if you want it too
You've become a problem
But I don't want to solve it
'Cause I can't get over youYou gave me some that day
I fell in love that day
Can't get enough that day
I'm thinking of that day
You gave me some that day
I fell in love that day
Can't get enough that day
I'm thinking of that dayTook a lot of time
See through my disguise
Reverse the current, electrified
Kick me to the curb, I keep hanging on
You make me weak, but you make me strongYou can have my body
You can have my money
You can have my soul if you want it too
You've become a problem
But I don't want to solve it
'Cause I can't get over youSchnabel on the walls
G Clooney villas
Rose waterfalls
Days in Marbella
Nights Porto Banus
The world is mine as long as I'm with youOoh la la
Ooh la la
Ooh la la

Ooh la laYou gave me some that day
I fell in love that day
Can't get enough that day
I'm thinking of that day
You gave me some that day
I fell in love that day
Can't get enough that day
I'm thinking of that dayYou can have my body
You can have my money
You can have my soul if you want it too
You've become a problem
But I don't want to solve it
'Cause I can't get over youYou can have my body
You can have my money
You can have my soul if you want it too
You've become a problem
But I don't want to solve it
'Cause I can't get over youYou gave me some that day
I fell in love that day
Can't get enough that day
I'm thinking of that day
You gave me some that day
I fell in love that day
Can't get enough that day
I'm thinking of that dayYou gave me some that day
I fell in love that day
Can't get enough that day
I'm thinking of that day
You gave me some that day
I fell in love that day
Can't get enough that day
I'm thinking of that dayOoh la la
Ooh la la
