All This Glory

Crowder

All this glory, all this glory, all this glory
In the middle of the night, after all this light here

In the middle of the mess, there is majesty
In the middle of my chest is the King of Kings
While the world was waiting on a change to come along
Light broke in, coming like a song

In the middle of the night, there is majesty
To the middle of our plight came the King of Kings
While we were waiting on Your love to come along
Light broke in, coming like a Son

Jesus, God with us
Jesus Christ has come and Iâ€™m undone

All this glory, all this glory
All this glory, all this glory here
In the middle of the night
In the middle of the night
In the middle of the night
After all this light
In the middle of the night
After all this quiet
Jesus, God with us
Jesus Christ has come and love has won
Has won, Love has won
