

# Stakes (Klrx Edit)

## Vancouver Sleep Clinic

From the lake  
Where I lost it all  
Stacked on the stake  
Yet you blessed the fall I guess that I knew I was warned  
I left my words in the cold  
The things that I built for myself  
Castles are tumbling down  
Surrender the heir, savour the crown  
Here lies where I drown The first time that I sought for grace  
But not the last lung I'd put to waste I'm burning down the stakes  
Wash away, wash away I'm burning down the stakes  
Wash away, wash away Tumbling through this jaded book  
The hearts I stole, the air I took  
What love is this  
And now the photograph is all that's left  
To feed the wolves and empty chests  
To break the best The first time that I sought for grace  
But not the last lung I'd put to waste I'm burning down the stakes  
Wash away, wash away I'm burning down the stakes  
Wash away, wash away I'm burning down the stakes  
Wash away, wash away I'm burning down the stakes  
Wash away, wash away I never bled for a thousand lies  
Just to stem the flow  
I never wept over a thousand lives  
Just to let this go I never bled for a thousand lies  
Just to stem the flow  
I never wept over a thousand lives  
Just to let this go Wash away, wash away, wash away, wash away
