# I'm Okay

## Sarah Bettens

Look for me right when the lights go down
My own little natural high
I should be floating on top of the world
But I just keep wondering why
I feel more alone in this wonderful crowd
Than I ever do on my own
I know that this is a place I belong
But I'd rather be coming back homeOh, I want you to know I'm okay
I just need to know that you're waiting
You're waiting for meSomeone keeps saying I could be a star
I'm never quite sure what that means
Sounds like there's something I'm missing right now
I'm not who they think I could be
But all that I'm missing is you, my love
Come find me whenever you can
I'll be the one looking up at the sun
With a picture of you in my headOh, I want you to know I'm okay
I just need to know that you're waiting
You're waiting for me
