You Just Be You

Virtue

In a world that seems so fake
Artificial everything
Oh, I just want be real
I gotta say how I feel, can't waitAlways looking at myself
Never liking what I see
I never gave me the chance
Never knew what I really could beBetter than living a lie
It's better than wearing a disguise
(Take a chance on you)
You just be you
(Take a chance on you)I can't say the world has changed
They still judge by what they see
Though I can't help what they say
I know who's inside of meIt's okay to take that chance
Try your possibilities
(Possibilities)No one can do what you do
Or stop all the things you can be
(They can't even stop what you're gonna be)And it's better than living a lie
(Living a lie)
It's better than wearing a disguise
(Take a chance on you)You just be you
(Take a chance on you, on you)The grass is always green on the other side
(It's on the other side)
It's when you're looking through your insecure eyes
(You're looking from [Incomprehensible])And it's better than living a lie
(Living a lie)
So much better than wearing a disguise
(Take a chance on you)You just be you
(You just be you)
You just be you
(You just be you)It's better
(Better)
Better than living a lie
(Living a lie)So much better than wearing a disguise, take a chance
(Take a chance on you)
Come on and take it
(Take a chance on you)You can do it, yes, you can
(Take a chance on you)
You just be you
