

# Lost In Love

[Axel Rudi Pell](#)

Loneliness  
Keep praying everyday  
Still searching  
For the one who would stay  
Live hanged on my own  
light the candles in the dark  
My heart turned to stone  
Like a fire needs it's spark  
Take my heart and take my all life too  
Like an help falling love with you  
Lost in love, you and me together  
True romance on the rise  
Lost in love, seems to be forever  
Born the truth is with me lies  
I lost in love  
In my dreams, I'm holding you close to me  
Am I really that blind to blind see  
I would do, anything for you  
Ignoring the saying "Don't make yourself a fool"  
Take my heart and take my all life too  
like an help falling love with you  
lost in love, you and me together  
True romance on the rise  
Lost in love, seems to be forever  
Born the truth is with me lies  
I lost in love  
Yeah  
I'm lost in love  
You and me together  
True romance on the rise  
Lost in love, seems to be forever  
Born the truth is with me lies  
I lost in love  
God made me broken, filled my heart with pain  
outside in cold  
"I'm so lost around" is getting a saying  
Please don't leave me this way  
I'm lost in love  
I ever lost in love
