

# Guilty as Charged

## Chairlift

Angel in the courtroom  
Eagle on the ceiling  
My baby's sitting front row witnessing my hearing  
I tried to burn the record book collection  
I tampered with the local lie detection  
I'm guilty as charged  
I'm guilty as charged  
You know I'm guilty as charged  
Go on punish me

But if I gave you what you're asking for  
You know you wouldn't want it anymore  
If I gave you what you're asking for  
You know you wouldn't want it anymore  
So I won't  
No no no no no I won't  
So I won't  
No no no no no I won't

Footprints in the carpet  
Cameras on the ceiling  
My baby's swearing on the bible in stolen golden earrings  
The creaky floor set off the fire alarm  
And I never wanted to do any harm  
But I'm guilty as charged  
I'm guilty as charged  
I'm guilty as charged  
You know I'm guilty as charged  
Go on punish me

But if I gave you what you're asking for  
You know you wouldn't want it anymore  
If I gave you what you're asking for  
You know you wouldn't want it anymore  
So I won't  
No no no no no I won't  
So I won't  
No no no no no I won't
