

# I Am Enough for Myself

Sinead O'Connor

Oh, the days are long  
Till the baby comes  
God will take all fear  
If you say this clear I am enough for myself  
I don't need anything else  
I am enough for myself  
I am in your heart I only can have that part  
I am in your dreams  
I only can touch these things  
I am who gives the breath I am your nakedness  
I am nothing at all  
And I am singing your soul
