Why My Love (feat. Varsha)

Tattu

When I first looked at you,
I'd fallen for you.
And confessed our love,
so pure and true.
Now you are calling me,from afar....
Why My Love, Why ?

I have lived your dream,
beautiful and serene.
To this revere, I'm addicted.
Now you are calling me from afar....
Why My Love, Why ?

Even the time fails,
explaining whatever hailed.
We have drifted away, far away.
Now you are calling me from afar....
Why My Love, Why ?
Why My Love, Why ?
