

# Why My Love (feat. Varsha)

Tattu

When I first looked at you,  
I'd fallen for you.  
And confessed our love,  
so pure and true.  
Now you are calling me, from afar....  
Why My Love, Why ?

I have lived your dream,  
beautiful and serene.  
To this reverie, I'm addicted.  
Now you are calling me from afar....  
Why My Love, Why ?

Even the time fails,  
explaining whatever hailed.  
We have drifted away, far away.  
Now you are calling me from afar....  
Why My Love, Why ?  
Why My Love, Why ?
