

# Dethroned Emperor

## Vital Remains

Yeah, hey  
See the portal, the gate of madness  
Locked forever in a veil of shame Deny extraction, thirst for disgrace  
Watch his [Incomprehensible], the emperor's killed  
Light of the day, shadows from beyond  
Scaffolds of steel, the throne has gone  
[Incomprehensible] Dethroned emperor, emperor, emperor  
Dethroned emperor, emperor, emperor [Incomprehensible]  
The foot of the stairs, dimension in might  
The king just sits, his eyes are glass Growing of the small, the laughters fall  
Can you deny remaining cries?  
Descent of the lords, into the trap  
Existence and hate, the unseen gate  
[Incomprehensible] Dethroned emperor, emperor, emperor  
Dethroned emperor, emperor
