Ezra's Interlude (feat. Ezra Koenig)

Chromeo

I don't wanna feel it for the second time
And I don't wanna call you up or wait for a sign
I just can't pretend I'm gonna make you mineI never wanna be the last to know
So I guess I'll just go back to laying lowNow I don't wanna feel it for the second time
And I don't wanna call you up or wait for a sign
I just can't pretend I'm gonna make you mineI never wanna be the last to know
So I guess I'll just go back to laying low
