

That's All That Matters

[Mickey Gilley](#)

I know, I'm not your first love
There's been others before me
But I'm the one that's got you now
That's all that matters to me And I know other arms have held you
I'm not jealous of these
Mine are the arms that hold you now
That's all that matters to me I came alive when you came along
You brought life into me
Honey, I don't care, what's in your past
Your as far as I can see And I know other lips have kissed you
I know you've been thrilled and pleased
But mine are the lips that kiss you now
That's all that matters to me
Mine are the lips that kiss you now
That's all that matters to me
