

# O My Soul

[Audrey Assad](#)

Oh my soul Mama  
I lose control  
Go ahead and shake if you wanna  
And I'll never know  
Come on  
You know it's alright  
We've got all night You're drivin' me mad now  
You shouldn't do that  
We're goin' to get on up  
Drink till we drop, yea You're really a nice girl  
And I think you're the most  
And when we're together  
I feel like a boss Tryin' to see you  
I'd knock off your doors  
Dyin' to see you  
I'm down on the floor I can't get a license  
To drive on my car  
But I don't really need it  
If I'm a big star Tryin' to see you  
I'd knock off your doors  
Dyin' to see you  
I'm down on the floor Never you mind  
Go on and have a good time Never you mind, oh no, no, no  
Go on and have a good time  
Yes indeed I can't get a license  
To drive on my car  
But I don't really need it  
If I'm a big star Tryin' to see you  
I'd knock off your doors  
Dyin' to see you  
I'm down on the floor, hey
