## We Are The Fallen

Memories flood through my brain
Tears drown my heart filled with rage
Blinding silence takes your place
Broken forever by this life
Why
Wake from where you lie
Don't say goodbye
I'm praying for more time
Don't sleep tonight

Heaven hear me, hold them safe
Time stands frozen, no more strength
Broken forever by this life
Why
Wake from where you lie
Don't say goodbye
I'm praying for more time
Don't sleep tonight
Lay low, peaceful dreaming,
Your last breath shall die
