

# Victory At Monterey

**Albert Hammond, Jr.**

She's got buttons with their names on it  
Those sounds, well they tell you everything  
And it all goes back again  
Well, and it all goes back again  
I said, "Victory at Monterey"  
She said, "Won't you come down and play?"  
That's sad, you didn't win anything  
That's sad, victory at Monterey  
Happy, man I got lost in you  
Well I'm always, always gonna find you  
I'm so glad now that I have you back  
Happy, happy 'cause I know it's true  
Now that I have you back  
I said, "Victory at Monterey"  
She said, "Won't you come down and play?"  
That's sad, you didn't win at anything  
That's sad, victory at Monterey  
I said, "Victory at Monterey"  
She said, "Won't you come down and play?"  
That's sad, you didn't win anything  
That's sad, victory at Monterey  
Happy, happy 'cause I know it's true  
I'm so glad now that I have you  
Now that I have you back
