

# Unsaid Goodbyes

## Halo Friendlies

wasn't such a bad time for us  
cause we were young  
i think about the good times  
driving under moonlight  
low tides and lullabies  
do you remember it tooand i was on the telephone  
telling you to come home and settle the score  
didn't i try and tell you of passing time  
and unsaid goodbyessitting in the back seat of life  
joy ride  
we know we couldn't get bored  
following our dreams down the path of life  
and we don't know  
what do we do when we get thereand i was on the seventh floor  
shouting at the window let's settle the score  
didn't i try and tell you of passing time  
and unsaid goodbyes
