

# The Piper

## Jubal/Zerfas

They came from the hills  
And they came from the valleys and the plains  
They struggled in the cold  
In the heat and the snow and in the rainCame to hear him play  
Play their minds awayWe're all following a strange melody  
We're all summoned by a tune  
We're following the piper  
And we dance beneath the moonWe're following the piper  
And we dance beneath the moon for him  
And we dance beneath the moonSub luna saltamusThey came from the south  
From the west and the north and from the east  
They waited for the man  
Like a parish is waiting for the priestLonged to hear him play  
Play their minds awayWe're all following a strange melody  
We're all summoned by a tune  
We're following the piper  
And we dance beneath the moonWe're following the piper  
And we dance beneath the moon for him  
And we dance beneath the moonSub luna saltamusHe gave them a dream  
He seduced everybody in the land  
The fire in his eyes  
And the fear was a weapon in his handSo they let him play  
Play their minds awayWe're all following a strange melody  
We're all summoned by a tune  
We're following the piper  
And we dance beneath the moonWe're following the piper  
And we dance beneath the moon for him  
And we dance beneath the moonAnd we dance beneath the moon
