

# Rings of Gold

## Dottie West

I remember when you said  
With this ring I thee wed  
Now you've gone betrayed my trust  
Rings of gold have turned to rust  
Tears may wash away the sin  
Love that's dead can live again  
Knowing there's no hope for us  
Turns these rings of gold to rust  
Plans we've made just yesterday  
Sands of time have chipped away  
Now they've crumbled into dust  
Rings of gold have turned rust  
Love before was clean and pure  
Now no more can I be sure  
You will not betray my trust  
Rings of gold have turned to rust
