

Sex Soldier

Blue Cheer

(Dickie Peterson & Dieter Saller)

Oooh yeah! Alright! Sex soldier in the first degree
In the ranks with little things
Gonna be there because
Got the need, always takes it hard. She's so alive in the darkest hour
She's like a dream, she got the power
She loves the danger, she's no cryin' child
She loves it fast and she loves it wild. Sex soldier in the first degree
Sex soldier, she's all I need
Sex soldier, got to power your soul
She's the pride of Rock 'n Roll. It's gets tougher day by day
I can't stop, there ain't no way
You got the notion, I got the motion
Sex soldier you're a real commotion. She lives fast, she lives loose
She knows just how to choose
Bless her heart and bless her soul
She's the heart of Rock 'n Roll. Sex soldier in the first degree
Sex soldier, she's all I need
Sex soldier, got to power your soul
She's the pride of Rock 'n Roll. It's getting tougher day by day
I can't stop, there ain't no way
You got the notion, and I got the motion
Sex soldier you're a real commotion. Under pressure and about to blow
You need a place you can free your soul
Hot sweat and cheap perfume
My legs are drawn to your every move.
She's so alive in the darkest hour
She's like a dream, Lord she got the power. Sex soldier in the first degree
In the ranks with little things
Gonna be there because
Got the need and she got it hard
She got it hard
She needs it all!!!
