The Electric Cell

Death Angel

Pure shameless oppression
A new cureless disease
Another man made religion
Sought to bring you to your kneesElectric light of distraction is pulling
A gravitational force
The all seductive looming poisonous bait
That you swallowed... Of course!Rapacious rats they surround you
And claim they mean no harm
Yet! They monitor your every move
Get you to follow with their snakelike charmSlaving those tender fingers to the bone
For possessions they flaunt
Precise infiltration of your mothlike brain
Breed some more because that's what they want
You flew straight to the flame
You're a number no name
Ill equipped for the fallWelcome to the lie
There's always room
Born into this life
The static tomb
You'll never flee
They have trained you well
This blinding cage
The Electric CellAll you bastards will fall
Shamed, and trapped one, and all
No one's loss... No one's gain
Useless hack. Human stain
The final outcome is dismal
Your children's future? Bleak!
It's all because you whored a worthless soul
For what they taught you all that
You should needA cold deathly grip on the shovel of greed
You dig a mass unmarked grave
Just know your bones will be the first to lie
At the bottom of the masses betrayed
