

Autumn Changes

Donna Summer

This love of ours
Is gradually fading
Something is wrong
Or somebody's faking Autumn changes
Shifting phases
Autumn changes
Turning stages Surely something
Can help to patch it up Too many nights
Sitting here waiting
Too many days
Hoping and praying Autumn changes
Shifting phases
Autumn changes
Turning stages Surely something
Can help to patch it up Oh yes, we can
Oh, sure we can
Oh, sure we can
Oh, sure we can Oh, sure we can
Oh yes, we can
Oh, sure we can
Oh yes, we can Something inside
It seems to be dying
Most of the time
I just feel like crying Autumn changes
Shifting phases
Autumn changes
Turning stages Surely something
Can help to patch it up Surely this love
Must we be worth saving
Don't let it die
Think what you're doing Autumn changes
Shifting phases
Autumn changes
Turning stages Surely something
Can help to patch it up Autumn changes
Shifting phases
Autumn changes
Turning stages Oh yes, we can
Oh, no we can

Oh, yes we can
Oh, no we can Oh, yes
Baby, we can
Oh yes, we can
Oh, no we can
