

# Naughty Jedi

## MC Wreckshin

oh i saw what you did  
i saw you molest all your neighbors  
with a red light saber  
you's naughty...bring a cheat  
sheet when we meet  
glue my feet  
to a glass of meat  
i bring mur  
you bring cancer  
i bring frankincense  
you bring contents  
on how to de-  
stroy my soul  
you have dreams  
of a glowing troll  
you always lie  
to you and i  
you's nothing but a  
NAUGHTY JEDI!you steal teeth  
from little willow  
then put 'em all  
under your pillow  
then you wait  
and masturbate  
as you contemplate  
tooth fairy rape  
here she cums  
at the point of a gun  
you just popped the cherry  
of a little tooth fairy  
you always lie  
to you and i  
you's nothing but a  
NAUGHTY JEDIoh and i saw what you did with that light saber  
you didn't even use any k-y  
you's naughty...kiss my eye  
oh you're shy?  
my mouth is  
freakin bone dry

lemme get a sip  
of your hair dye  
lemme take a dip  
in your spanish fly  
did you ever make it  
to senior high?  
was your flag  
indivisible by?  
did you ever have  
a pet fruit fly?  
word up lady  
hope we see eye to eye your cat's freakin freaky  
he looks like a dashiki  
worn by my brothers  
in the time of toshiki  
his eyes are big  
and yours look leaky  
put on a smile  
then you'll be cheeky  
don't worry lady  
i'm just being geeky  
i'll give you a minute  
and then we'll be in it  
like a sticky muthafuckin  
deep ass tar pit  
i'll make you a sweater  
it'll be tightly knit  
don't put it on  
when i'm about to commit  
a muthafuckin deed  
that is mother wit  
chill out lady  
don't throw a fit  
i'm already done  
cause i'm lickity split  
word up.
